ANNUAL CURRICULUM AND PEDAGOGICAL PLAN

No. of Periods / Month	Chapters	Learning Outcomes	Assessment Tools
April	Economics And Economy	<ul style="list-style-type: none"> Understand the meaning and scope of microeconomic and macroeconomics. Differentiate between microeconomics and macroeconomics. Identify central economic problems (scarcity, choice, opportunity cost, etc.) Concept Map Notebook Analyze Different Economic Systems - Differentiate between capitalist, socialist and mixed economies. Identify Real-life Applications of Microeconomics - Apply microeconomics concepts to real-world situations, such as consumer choices, business pricing strategies. 	<ul style="list-style-type: none"> Short quizzes (MCQ True/False) on key concepts. Group Discussion on real life economic problems Concept mappings Application-Based questions (e.g. how scarcity affect choices in daily life.)
April	Chap-2 Central Economic Problems of Economy	<ul style="list-style-type: none"> Understand the <u>Central Economic Problems</u>. Identify the <u>Three Basic Economic Questions</u>. 	<ul style="list-style-type: none"> Quizzes: Multiple-choice questions on basic economic problems.

Economics Class-11th (CBSE)

Teaching/Learning Activities	Resources	Interdisciplinary Linkages
<ul style="list-style-type: none"> Discussion & Brainstorming Initiate a discussion on limited resources and unlimited wants Case study Analysis Present real-world scenario where resource allocation is a challenge. 	<ul style="list-style-type: none"> Textbook NCERT, V.K. Publications (TR Jain) Newspapers & Magazine Articles on economic issue (The Economic Times.) Case study analysis Sample of concept map 	<ul style="list-style-type: none"> Geography How natural resource distribution affects economic activities. Political Science Role of government policies in economic decision-making Psychology consumer behaviour and decision making theories.
<ul style="list-style-type: none"> Data Collection Activity - Assign students to conduct a survey on Int. habits of student. 		

No. of Periods / Month	Chapters	Learning Outcomes	Assessment Tools
April	Chap - 2 (Continues)	<ul style="list-style-type: none"> What to Produce? How to Produce? For whom to Produce? Analyze the Role of Limited Resources Understand why resources must be allocated efficiently. Recognize the Role of Government in Economic Decisions Understand how different economies solve central economic problems through policy-making. 	<ul style="list-style-type: none"> Class Discussions: Debate on different economic systems and their effectiveness. Concept Maps: students create diagram explaining the central problems of an economy. Case study analysis: students analyze real-world economic problems (e.g. allocation of COVID-19 vaccines, food scarcity)
April	Chap - 1 Statistics Concept of Economics & Significance of statistics in Economics	<ul style="list-style-type: none"> Understand the Meaning of statistics. Difference between Descriptive & inferential statistics. Scope and Importance of statistics. Understand Methods of Data Collection. Analyze the Limitation of statistics. 	<ul style="list-style-type: none"> Quiz: MCQs on types of data, scope & imp. of statistics. Class Discussions: Students debate on the role of statistics in decision-making. Case study Analysis: Students analyze a statistical report & summarize its key findings.

Teaching Learning Activities	Resources	Interdisciplinary Linkages
<ul style="list-style-type: none"> Brainstorming activity: Ask students to list resources that are scarce in their daily lives. Case Study Discussion: Present real-world examples, such as India's economic planning, govt. food distribution. Debate "Is a capitalist economy better than a socialist economy?" 	<ul style="list-style-type: none"> Textbooks & Study Materials - NCERT Textbook - CBSE Reference Book - Introductory Micro-economics by TR Jain, V.K. Ohri. NCERT official Website - https://ncert.nic.in - Down Case study Analysis. 	<ul style="list-style-type: none"> Mathematics: understanding PPC graphs, opportunity cost calculations. Geography: studying how natural resources influence a country's economic decision. History: Learning how past economic policies (like socialism in the Soviet Union impacted economies)
<ul style="list-style-type: none"> Brainstorming - Discuss where statistics is used in daily life (cricket scores). Case study Analysis - Analyze real-life statistical reports eg. GDP growth. Newspaper Article - Find an article using statistical data. 	<ul style="list-style-type: none"> Textbooks & study Material - NCERT, Statistics for Economics by TR Jain & V.K. Ohri Website - (NSSO) National sample survey office - india.nss.gov.in 	<ul style="list-style-type: none"> Geography - Population statistics, climate change data. Political Science - Election result analysis, public opinion survey. Business Studies - Market research and business analytics using statistical tools.

Annual Curriculum AND PEDAGOGICAL PLAN

No. of Periods / Month	Chapters	Learning Outcomes	Assessment Tools
May	chap-2 Collection of Data (Statistics)	<ul style="list-style-type: none"> sources of Data - primary & secondary How basic data is collected with concepts of sampling. Methods of collecting Data. Importance of secondary data. Census of India & National Sample Survey Org. 	<ul style="list-style-type: none"> M.C.Q. short & long answers. Case Based Questions. Worksheets class Discussions
May	chap-6 Diagrammatic Present (Statistics)	<ul style="list-style-type: none"> Geometric Forms (Bar & Pie diagram) Frequency diagram (Histogram, Polygon, Ogive) Arithmetic Line Graphs (Time series graph). 	<ul style="list-style-type: none"> Class Discussion M.C.Q Case Based Questions Worksheets Mind Maps short & long answers.

Economic Class - 11th

Teaching Learning Activities	Resources	Interdisciplinary Linkages
<ul style="list-style-type: none"> Lecture Method <u>Data collection Project</u> - Assign a mini survey on their locality. <u>class Debate</u> - "Which is better: Census or Sample Survey?" 	<ul style="list-style-type: none"> Textbook - NCERT T.R. Jain. Sample Questionnaire Worksheets Mind Maps 	<ul style="list-style-type: none"> <u>Mathematics</u> - Use of percentages, averages & sample techniques. <u>Geography</u> - Data collection related to population, land use etc. <u>English</u> - Framing of Questionnaires, interpretation of texts.
<ul style="list-style-type: none"> students create a bar / histogram in their notebook. <u>Case study Analysis</u> - Use a real-world infographic & analyze the type of diagram. 	<ul style="list-style-type: none"> Textbook - NCERT, T.R. Jain Sample Questions Worksheets Mind Maps Case Based Questions. 	<ul style="list-style-type: none"> <u>Mathematics</u> - Graph Plotting, scale calculation. <u>English</u> - Writing captions & interpreting diagrams clearly.

Annual Curriculum AND Pedagogical Plan

No. of Periods / Months	Chapter/Units	Learning Outcomes	Assessment Tools
July	Chapter -	<ul style="list-style-type: none"> Diff b/w Census & Sample Identify attributes 	<ul style="list-style-type: none"> Oral Questioning MCQs.
May	Census & Sample Methods of Data Collection.	<ul style="list-style-type: none"> Situation to us secondary data Interpret collected data with clarity and logic. 	<ul style="list-style-type: none"> short and long answers. Scenario - Based Questions. Peer Assessment.
July	Chapter - Organisation of Data Chapter - Presentation of Data	<ul style="list-style-type: none"> Diff b/w Raw & Organised data. classify data as discrete & continuous. Organise raw data into frequency. Present data using textual, Tabular methods. 	<ul style="list-style-type: none"> MCQ / Objective Questions short answer questions Worksheets Practical Assignment Peer Review
July	Chapter - Frequency Diagrams: Histogram, Polygon & Ogives.		

Economics Class - 11th

Teaching Learning Activities	Resources	Interdisciplinary Linkages
<ul style="list-style-type: none"> Think - Pair - share class debate case study analysis Video Explanation 	<ul style="list-style-type: none"> Textbooks → NCERT, T.R. Jain White boards / Markers. Real - life data 	<ul style="list-style-type: none"> Mathematics - Use of percentages, proportion sampling techniques. English - Report writing & questionnaire design. Business studies - Market research using sampling techniques.
<ul style="list-style-type: none"> Teams present the same data using different type of graphs. Data Collection / Visualisation. Interpret the Graphs. 	<ul style="list-style-type: none"> Textbook - NCERT, T.R. Jain Graph Paper, ruler Worksheets Mind Maps 	<ul style="list-style-type: none"> Mathematics - Frequency distribution, graph plotting. Geography - Presentation of Population, rainfall. English - Interpreting data in written form, creating caption etc.

Annual Curriculum And Pedagogical Plan

No. of Periods / Months	Chapter / Units	Learning Outcomes	Assessment Tools
July	Chapter - Arithmetic Line Graphs & Time Series Graphs.	- To understand Time Graph - Rules for constructing Graph - Two variables - Graph - One variable Graph - Merits & Demerits	- Oral Test, Written Test - Graph Plotting questions in exams. - Peer Assessment - Students cross-check each other's graph's and Interpretations
July	Chapter - Measures of Central Tendency Mean, Median & Mode.	- Arithmetic Mean Formula, Question & Answer - Median Meaning Formulas & Question - Mode Meaning Formulas & Question. Merits & Demerits of Both.	- MCQs, Written Test with Problem-solving Questions. - Students exchange and check solutions. - Mind Maps.
July	Chapter - Theory of Consumer's Equilibrium	- Meaning of Utility, Marginal Utility, Law of Diminishing MU Conditions of consumer equilibrium Using marginal utility analysis.	- MCQ, Short & Long Answer - Written & Oral Test. - Mind Maps. - Notes - Practical Questions

Economics Class - XIth

Teaching / Learning Activities	Resources	Interdisciplinary Linkages
- Concept Introduction - Hands on Practice Provide raw data & ask students to draw line graph - Think-Pair-Share	- Graphs Papers - Ruler, Pencil - Visual-Aids - NCERT, T.R. Jain	- Geography - Analysis of climate data like rainfall, Temperature over month or years. - Business Studies - sales forecasting market trend analysis. - Mathematics - Coordinates & Plotting points on Graph.
- Hands on Practice Solve Problems using all these methods. - Think-Pair-Share	- NCERT, T.R. Jain - Worksheets, Practice Test - Smart board or Projector for Demonstration.	- Business Studies - Average sale, customer data, market analysis - - Mathematics - Arithmetic operation, formula use & logical reasoning.
- Lecture Method - Real life examples - Mind Maps - Visual-Aids - Case study Approaches.	- Visual Aids - NCERT, T.R. Jain - Case study - Mind Map - Hand Written Notes.	- Business Studies - To know how to prepare a Budget & Student Expenses. - Geography - To know about the consumer spending habits.

Annual Curriculum And Pedagogical Plan

No. of Periods / Months	Chapters / Units	Learning Outcome	Assessment Tools
August	Chapter Indifference Curves Analysis	<ul style="list-style-type: none"> - Consumer Equilibrium - Consumer Budget (Budget set & Budget line) - Indifference Curves, Indifference Maps - Conditions of Consumer Equilibrium. 	<ul style="list-style-type: none"> - Oral & Written Test - Matching exercise - Group discussion on real-life example - Diagram Based Questions - Short & long answers
August	Chapter Theory of Demand & Elasticity of Demand	<ul style="list-style-type: none"> - Individual & Market Demand, demand schedule, demand curve & its slope. - Movements & shifts in demand curve. - Price elasticity of demand - Percentage & Total expenditure Method. 	<ul style="list-style-type: none"> - Oral Questions - MCQs - Picture Based Questions - Think - Pair - Share - Written Test - Graph Based Questions - Numerical Problems - HOTS (Higher Order Thinking Skills Questions)
September	Half Yearly		Exams

Economics Class - XIth

Teaching / Learning Activities	Resources	Interdisciplinary Linkages
<ul style="list-style-type: none"> - Drawing Indifference Curves - students draw ICs based on given combination - Group Discussion - Discuss why ICs never intersect each other. 	<ul style="list-style-type: none"> - Graph Papers, Coloured pencils, Rulers - T.R. Jain, NCERT - Case study - Mind Maps 	<ul style="list-style-type: none"> - Mathematics - Graphing skills, slope. - Psychology - Consumer preferences and decision-making behaviour.
<ul style="list-style-type: none"> - Activity 1: Demand schedule & curve drawing - Activity 2: News Article Discussion - Discuss how demand for certain goods changes due to trends or news. - Activity 3: Graph plotting 	<ul style="list-style-type: none"> - NCERT - T.R. Jain - Graph sheets - Rulers - Marker - Real World Data - Visual-Aids 	<ul style="list-style-type: none"> - Mathematics - Graph plotting, percentage change. - Geography - Interpretation of demand data related to population. - Business Studies - Consumer Behaviour & marketing strategies. - Psychology - Analysis of consumer choices and demand determinants.

Annual Curriculum AND

Pedagogical Plan

No. of Periods / Months	Chapters / Units	Learning Outcomes	Assessment Tools
October	Chapter - Concept of Cost	- Diff b/w Fixed Cost & Variable Cost, Total Cost, Average Cost Marginal Cost Analyse the relation between MC & AC.	- MCQs & Short answers - Fill in the blanks & match the following type of Cost.
October	Chapter - Concept of Product	- Concept of Product - Levels of Product - Diff b/w Consumer & Industrial Product. - Understand Branding Packaging & Labelling.	- MCQs & Short answers - Group oral Test - Case Study Questions - Diagram Based Questions - (HOTS)
October	Chapter - Concept of Revenue	- Define TR, AR, MR. - Define AR & MR from TR. - Relation b/w TR, AR, MR - Interpret TR, AR & MR - Analyze the impact of Revenue on a firm's.	- Oral Questioning - Written Test - Worksheet - Numerical Problems - Case study Based
October	Chapter - Theory of Supply	- Define supply - Law of supply & assumption - Supply schedule - Determinants of supply - Movement vs. Shift	- Oral Questioning in class. - Objective Test - Worksheets - Short & long answers - Numerical Question - (HOTS)

Economics Class - XIth

Teaching / Learning Activities	Resources	Interdisciplinary Linkage
- Graphs of TFC, TVC, TC, AVC, ATC - Graphical representation based on data. - Real life examples. - Group discussion - Lecture Method - Demonstration - Mind Maps	- NCERT, T.R. Jain - Graphs sheets, Colour pens - Worksheet - Mind Maps. - NCERT, T.R. Jain - Worksheets - White Board & Markers - Mind Maps	- Mathematics - Calculation Total, Average, Marginal Cost - Business Studies - Use of cost concepts in pricing. - Psychology - Consumer perception, Brand loyalty. - Commerce - Link to Costing, profits Margins.
- Revenue Table Cal. Provide output & Price Data. - Graph Drawing - Plot AR, TR & MR. - Concept Recap - Conduct a rapid-fire round.	- NCERT, T.R. Jain - Worksheets - Mind Maps - Graph, Ruler Coloured pen - White Board & Markers.	- Mathematics - Cal of TR, MR, AR on Graph - Business Studies - Linking Revenue to profit Cost & pricing decisions. - Psychology - How consumer behaviour impacts Revenue.
- Supply Table Curve - Factors discussions - Mind Map - Notes	- NCERT, T.R. Jain - Mind Maps - Worksheets - Numerical Questions	- Mathematics - Graph Plotting - Business Studies - Supply relation to production & Cost.

Annual Curriculum AND

Pedagogical Plan

No. of Periods & Months	Chapters / Units	Learning Outcomes	Assessment Tools
November	Chapter - Main Market Forms	<ul style="list-style-type: none"> - Meaning of Perfect Competition, Features - Determination of Market equilibrium. - effects of shifts in demand & supply. 	<ul style="list-style-type: none"> - MCQs, short & long answers. - (HOTS) - Graph Questions - Case Based Approach
November	Chapter - Price Determination Under Perfect Competition	<ul style="list-style-type: none"> - Explain how price & output in perfect competition. - Identify the equilibrium Price using demand & supply schedules - Interpret the intersection of demand & supply curves. 	<ul style="list-style-type: none"> - oral Test - class room discussion - Graph Based Questions - Numerical Questions - Case Based Approach - HOTS (High order Thinking skills).

Economic Class - XIth

Teaching/Learning Activity	Resources	Interdisciplinary linkage
<ul style="list-style-type: none"> - Real life examples - Mind Maps - Worksheets - Group Discussion - Lecture Method 	<ul style="list-style-type: none"> • NCERT, T.R. Jain • Mind Maps • Worksheets • Graph Paper • Visual - Aids 	<ul style="list-style-type: none"> - Mathematics - Drawing each market form graphs - Business studies - Understanding branding in monopolistic competition
<ul style="list-style-type: none"> - Demand-Supply Table. - Graph Plotting - Impact of changes - Mind Maps - Lecture Method 	<ul style="list-style-type: none"> • NCERT, T.R. Jain • Notes • Work sheet • Graph Paper • Visual Aids - White Boards & Markers. 	<ul style="list-style-type: none"> - Business studies - Application of pricing strategies in Perfect Competition market. - Political science - Role of government interventions & their effect of equilibrium.
